Address : Padang, West Sumatera

PROFILE SUMMARY

I am a graduate of Telkom University, majoring in Information Systems, with a strong interest in software development. I have experience in building web-based applications using HTML, CSS, JavaScript, PHP (Laravel), and React.js. Additionally, I have basic experience in mobile application development using React Native and database management with MySQL and DBeaver.

EDUCATION

Universitas Telkom - Bandung, Indonesia

Aug 2020 - Sep 2024

Bachelor Degree in Information Systems

GPA 3.65 / 4.00

- **Final Project:** Front-End Analysis in Migrating a Multi-Page Application to a Single Page Application Using the Iterative Incremental Method in the SOFI Scheduling Module Application

WORK EXPERIENCES

Enterprise Application Development Laboratory - Bandung, Indonesia

Sep 2023 - Jan 2024

Web Application Development Practicum Assistant - Contract

- Actively managed and mentored 18 students split into dedicated groups across 3 classes, providing technical guidance, code debugging, and official grading, while supporting the broader lab environment when needed.
- Worked closely with the media team to create standardized visual and administrative assets, including professional PPT templates, module templates, and automated photo collection forms to optimize laboratory workflows.
- Collaborated with a team to design and develop core educational materials for Module 3, focusing on PHP CRUD implementation and real-world case studies for student journals.

PT Industri Telekomunikasi Indonesia - Bandung, Indonesia

Jul 2023 - Sep 2023

IT Product Development - Intern

- Rapidly mastered the CodeIgniter 4 (CI4) framework within two weeks to build a dynamic web application as part of the onboarding process.
- Developed a BPB (Bukti Pengiriman Barang) Monitoring Application using CodeIgniter 4 to streamline internal tracking and improve data visibility.
- Integrated the application with an Oracle Database using DBeaver to ensure efficient, secure data retrieval and structural database management.

ORGANIZATIONAL EXPERIENCE

Enterprise Infrastructure Management Laboratory - Bandung, Indonesia

Nov 2021 - Jan 2024

Operations Division Member

- Managed and curated laboratory social media platforms, including producing "EIM FYI" educational content regarding active network systems and key operational updates.

- Collaborated with the HMSI Relations Bureau as the publication committee for public lecture events, designing core digital assets and managing live event documentation.

Enterprise Data Management Laboratory - Bandung, Indonesia

Aug 2022 - Sep 2023

Social Media Division Member

- Curated creative content across laboratory social media platforms to increase engagement and document internal and external academic activities.
- Served as the media and live-report committee for the "Hands-on Session: Visualization Using Tableau," handling real-time event documentation and digital publications.
